

Protect to Provide

PUBLIC HEALTH TRAINING

The Pest Management Association of Kenya (PEMAK), a registered Association for pest control operators in Kenya and has a key mandate of training in the following areas:

1. Public Health Pest Management
2. Structural Pest Management
3. Grain Storage Pest Control and Fumigation.

Together with Agrochemicals Association of Kenya (AAK), we are organizing a three-day non-residential training on **Public Health Training**. The training will be physical and will adhere to COVID-19 guidelines provided by the Ministry of Health.

The training is open to all commercial pest control operators in Kenya and will run from **12 – 14 May 2021**. The venue will be **Pest Control Products Board (PCPB) Meeting Room** located in **Loresho, off Waiyaki Way, Nairobi**.

The cost of the training is **Kshs. 20,000 for PEMAK members** and **Kshs. 30,000 for non PEMAK members** per participant. AAK/PEMAK certificate will be awarded at the end of the training. Those companies and individuals wishing to take part in the training should register with PEMAK Secretariat **on or before 30 April 2021**.

Please note that spaces are limited as there is a limit on the number of participants and spaces will be allocated on the first come basis.

Payment should be made through **Pest Management Association of Kenya Bank Account Number 1106858174; KCB Sarit Centre Branch or at AAK Offices**.

For further details, please contact Pest Management Association of Kenya (PEMAK) Secretariat located at:

Cooper Centre, Kangemi, Kaptagat Rd, off Waiyaki Way.
